Study Buddies!

As mentioned in last week's newsletter, we are keen to launch our 'study buddy' initiative in which the children will be given the opportunity to meet with a group of friends via Google Meet. This will be supervised and recorded by a member of staff and the purpose of this is to allow the children to have an opportunity to talk with each other and catch up.

In order to make this more special for the children we will be allowing the children to keep both their cameras and microphones on. Please ensure that your child is in a communal area of the house for this and that they are appropriately dressed.

If you would like your child to take part in this new initiative and in order to help us plan the groups, please use the link below to complete the online form by the end of Monday 1st February. Please complete a separate form for each child. Once we know who is able to take part we will then timetable these meets. Please note that if your child is in school at the time of the meet, we will endeavour to supervise them in school so they can be involved. Parents remain responsible for supervising their child at home.
